Formica® Compact
High pressure structural laminates, built up from multiple layers of kraft paper.

EN438: Grade HPL/EN 438-4 CGS. Compact, general purpose, standard high pressure decorative laminates

Thickness: 12mm

Weight: 16.4 kg/m²

Decorative surface: Both sides

Bonding requirements: Self supporting - no bonding required

Applications: Washroom cubicles, locker systems, wall panels, vanity units, partitions, benches

Features and benefits:

Formica® Laminate
Manufactured through fusing multiple layers of impregnated paper under high pressure and temperature.

EN438: Grade HPL/EN 438-3 HGP. Horizontal, general purpose, postforming high pressure decorative laminates

Thickness: 0.7mm

Weight: 1.22 kg/m²

Decorative surface: Single sided

Bonding requirements: Requires bonding to substrate. May also require backer and edging depending on substrate and application

Applications: Washroom cubicles, locker systems, wall panels, vanity units, partitions, benches, doors, curved surfaces

Features and benefits:

Younique® by Formica Group
High pressure laminate with a customised, printed image as its decorative surface. Available in both CGS and HGP. All other technical information as above.

Performance features

- Water resistant
- Stain resistant
- Hygienic
- Any orientation
- Chemical resistant
- Self supporting
- Postforming
- Flat bonding
- Impact resistant
- Fire resistant*
